Chris Fillingham, Chair
c/o Anne Gribbon, Secretary
Canadian Commission on Building and Fire Codes
NRC/Institute for Research in Construction
1200 Montreal Road, Ottawa, ON K1A 0R6

Dear Mr. Fillingham:

I am writing to thank you for the opportunity for Don Johnston to present the concerns of the Canadian Home Builders' Association regarding the National Energy Code for Buildings to the Executive Committee of the Canadian Commission on Building and Fire Codes on March 3, 2011. We had outlined these concerns previously in our letters of January 27, 2011 (Heat Recovery Ventilators) and February 2, 2011 (Fenestration and Door to Wall Area Ratio).

Could you advise if the Executive Committee will be making any recommendations to the Commission on either of these items and if so, when we might learn what these recommendations might be?

We would also appreciate the opportunity to make a similar presentation to the full Commission at its meeting in April.

I look forward to receiving your response.

Yours truly,

John Kenward
Chief Operating Officer
