

NEW PRODUCT

M18 FUEL™ #10 (1-1/4\") Rebar Cutter w/ ONE KEY™ (3675-20)

2 SECOND CUT IN #5 REBAR

UP TO
240 CUTS
PER CHARGE
IN #5 REBAR

COLD CUTS, LESS SPARKS THAN ABRASIVES

Our M18 FUEL™ #10 (1-1/4\") Rebar Cutter is designed for the reinforcing ironworker, providing faster cutting, increased cuts per charge and cold cuts with less sparks than an abrasive wheel. Featuring POWERSTATE™ Brushless Motor Technology, the M18 FUEL™ Rebar Cutter provides 1 second cuts through #5 bar. When paired with our M18™ REDLITHIUM™ HIGH OUTPUT™ XC6.0 battery, it delivers up to 240 cuts in #5 bar. RAPIDSTOP™ Braking provides stop times under 1 seconds with the Milwaukee® #10 (1-1/4\") Rebar Cutting Blade. Exclusively compatible with Milwaukee® #10 (1-1/4\") Rebar Cutting Blade uses carbide teeth to cut faster and with less sparks than an abrasive wheel.

**EXCLUSIVELY
COMPATIBLE WITH**
#10 (1-1/4\") REBAR CUTTING BLADE
(48-40-4064)

LONGER LIFE. FASTER CUTS.
